REHUB+ SPECIALIST MULTIBONDING TECHNOLOGY HEALTHY HAIR_ALWAYS

ULTRA-PERFORMING PRODUCTS FOR UNEXPECTED RESULTS

BIO-ACTIVE LAMINATION

Regenerates the hair surface for a long-lasting mirror-effect shine.

It produces a targeted regeneration of the hair surface, imparting a mirror-effect intense shine. It acts by rebuilding the hair fiber, in maximum lightness, enhancing the technical and cosmetic results of professional services.

MULTIBONDING BLEACHING

The lightening that hydrates and protects the hair for a perfect blond.

REHUB+ Specialist MULTIBONDING LIGHTENING SYSTEM offers the ideal products to create a perfect blonde in maximum protection of the hair fiber.

METAL EQUALIZER PRE-TREATMENT

For a more homogeneous and luminous color.

The REHUB+ Specialist equalizing chelating fluid, applied before a coloring or bleaching treatment, guarantees: anti-breakage protection, inactivating metals with its chelating action and optimal, uniform and reliable technical result, thanks to its equalizing action which intervenes selectively where the hair fiber is most damaged.

THE SERVICES

MULTIBONDING RECONSTRUCTION

Transform the hair from within with anti-breakage efficacy, instantly regenerating it.

With REHUB+ Specialist it is possible to act in a targeted and immediate way on the hair fiber, deeply regenerating it with the formation of new internal bonds, transforming its quality and appearance by sealing the cuticle and split ends, restoring body and integrity for a new hair that is strong, resistant to breakage, extraordinarily soft and bright.

FROM SALON TO HOME

From today unexpected results even at home with the new REHUB+ professional maintenance kits.

TO PROLONG THE EFFECT OF SALON TREATMENT
